

ANTI-STAT PLUS

Antimicrobial Laundry
Additive
Disinfectant, Sanitizer,
Bacteriostat

Product Properties

COLOR: Colorless

ODOR: Mild

pH: 6-8

ACTIVE INGREDIENTS: Quaternary ammonium chlorides

EPA REGISTERED

NOTE: NOT ALL DISINFECTANT AND SANITIZER PRODUCTS ARE AVAILABLE IN ALL STATES.

Description

This product prevents growth of odor-causing bacteria for 24 hours. For residual bacteriostatic activity, conditions of high relative humidity or wet contamination are required. Will inhibit the growth of many organisms on treated fabric not only at the time of exposure, but also during handling and transportation until the garments are again laundered and treated with this product.

Use this product in Laundries, Laundry Facilities, Washing Machines. Helps reduce cross-contamination in treated laundry. Is for use on fabrics, such as: diapers, athletic apparel, table linens, bedding and towels, and hospital and institutional linen.

This product can be used as a presoak to provide sanitization and disinfection claims and/or in the rinse cycle to provide residual bacteriostatic claims. See product label for specific claims.

Directions For Use

LAUNDRY BACTERIOSTAT

COMMERCIAL AND INSTITUTIONAL LAUNDRY USE: For residual bacteriostatic activity against gram negative and/or gram-positive odor-causing bacteria for up to 24 hours.

Initial Treatment: Use 10 fl. oz. of this product per 100 lbs. of fabric (dry weight) (or equivalent use dilution). Dilute the appropriate amount of this product in 1 - 2 gal. of water, and then add solution to the wash wheel at the beginning of the final rinse cycle. A minimum rinse cycle time of 5 minutes is required.

Repeat Treatment: Follow Initial Treatment directions and re-treat fabric every 24 hours, or more often if odor persists

At 16 fl. oz. of this product per 100 lbs. of dry laundry, this product provides sanitization against *Staphylococcus aureus*, *Klebsiella pneumoniae* and *Klebsiella aerogenes*, when laundry is presoaked for 3 minutes before normal washing.

At 34.5 fl. oz. of this product per 100 lbs. of dry laundry, this product provides disinfection against bacteria, viruses* and fungi when laundry is presoaked for 10 minutes before normal washing.

DANGER. Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Harmful if swallowed or absorbed through the skin. Wear protective eyewear (goggles, face shield or safety glasses), protective clothing and protective gloves (rubber, chemical resistant) when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

First Aid

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. For general information on product use, etc., call the National Pesticides Information Center at 1-800-858-7378. You may also contact the poison control center at 1-800-222-1222 for emergency medical treatment information.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.
