FOAMING QUARRY TILE CLEANER/ DEGREASER

Product Properties

COLOR: Clear Amber
ODOR: Mild
VISCOSITY: 10 cps
pH: 2
SPECIFIC GRAVITY: 1.03
DETERGENCY: Very Good
SOLUBILITY IN WATER: Complete

Description

This advanced formula, foaming cleaner and degreaser is specifically designed for use on quarry tile floors. Its powerful surfactant systems penetrate the pores of quarry tile, lifting and emulsifying grease and oils. It also contains cleaning agents to whiten and brighten grout lines. The foaming action of this formula provides greater hang time as it chemically "scrubs" the surface. Floors cleaned with this product provide positive traction and contribute to a cleaner, safer work environment.

Features...Benefits

Concentrated Economical
Foaming Surfactant Formula Labor Saving
Improves Positive Traction Safer Work Environment
Brightens Dingy Grout Lines Improved Sanitation Perception

Directions

As a "shock treatment" for extremely soiled floors, use full strength or at a 1:1 dilution with HOT water. Apply solution with mop or brush, agitating thoroughly. Allow solution to stand on floor surface for a few minutes, then re-agitate with brush or mop. Pick up soiled solution with mop or wet-vac. Rinse well and allow to dry. For economical daily maintenance, dilute from 2-6 oz. per gallon of water and mop floor in usual manner. Rinse well and allow to dry. This product is excellent for use in foam-generating equipment. Always rinse food contact surfaces with potable water before use.

Safety Information

KEEP OUT OF REACH OF CHILDREN
CAUTION

May cause eye and skin irritation. Avoid contact with undiluted product. In case of contact with skin, wash with soap & water for 15 minutes. If irritation persists, seek medical attention. In case of contact with eyes, flush with plenty of water and seek medical attention.
