

IPA 30%

Product Properties

COLOR: Colorless
ODOR: Distinctive (IPA)
pH: N/A
SPECIFIC GRAVITY: 0.9
FOAMING: No
HARD WATER TOLERANCE: Tolerant

Description

This concentrated glass and hard surface cleaner is an advanced formula containing deionized, softened water, alcohol and special cleaners that "wick" into the cleaning cloth and evaporate completely to leave a non-streak, squeaky clean surface that does not attract dust and dirt. QUICKLY REMOVES FINGERPRINTS, SMOKE FILM, GREASE AND OTHER SOILS.

Features...Benefits

Concentrated Economical
Hard Water Tolerant..... Improved Performance
Non-Foaming..... Improved Results
Versatile Use on many hard surfaces

Directions

DILUTE this concentrate with a minimum of 10 parts water to make a ready-to-use glass cleaner. NOTE: A more concentrated use solution will clean heavily soiled surfaces, but will also cause streaking. If streaking occurs, dilute with more water and use a clean, absorbent cloth. Follow the directions below for using diluted product.

GLASS & MIRRORS: Spray a light mist onto surface. Wipe over entire surface and polish dry. For best results, use two lint-free paper towels or cloths. Wipe clean with the first cloth and polish with the second dry cloth. DO NOT use cloths or towels when they become excessively dirty. A sponge may be used to clean large windows or mirrors, followed by drying with a squeegee or paper towels.

PLEXIGLAS: This product is excellent for cleaning Plexiglas and plastic, however, care should be taken when particles of soil are on Plexiglas, since these particles may scratch the soft Plexiglas finish. Use only a clean, soft cloth when cleaning Plexiglas. Spray on and clean with first cloth, polish and dry with second cloth.

OTHER HARD SURFACES: Simply spray on and wipe off. Then polish with a dry cloth.

FOR WINTER USE: Dilute 1:5 for non-freezing window cleaning.

Safety Information

WARNING

Flammable liquid and vapor. Causes serious eye irritation. May cause drowsiness or dizziness. Immediately call a POISON CENTER or physician.

Keep away from heat - No smoking. Keep container tightly closed. Ground container and receiving equipment. Use explosion-proof electrical equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Avoid breathing fumes or spray. Wash hands thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves and eye protection. Store in a well-ventilated place. Keep cool. Store locked up. Dispose of contents/container to an approved waste handling facility in accordance with local, state and federal regulations.

IF ON SKIN (or hair): Remove immediately all contaminated clothing. Rinse skin with water.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor if you feel unwell.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists get medical attention.

In case of fire use dry sand, dry chemical or alcohol-resistant foam for extinction.
