Description

This product is a concentrated product offering the optimum balance of value and performance. This concentrated synthetic detergent is formulated to remove the most tenacious soils quickly and effectively. Its biodegradable formula develops rich, stable suds, even in the presence of heavy soil, while offering maximum skin protection. It quickly emulsifies, suspends and removes grease, soils, proteins and other debris from pots, pans, dishes and utensils. Safe to use on any surface not harmed by water alone. Rinses clean without spotting.

Features...Benefits

- Concentrated Economical
- Cuts Grease Fast Labor Saving
- Multi-Purpose Easy to Use
- Suspends Soils Improves Results
- Free Rinsing Labor Saving

Directions

Add 1/2 to 1-1/2 ounces of product per gallon of warm water. Amount of detergent needed will vary in accordance with the number of utensils to be washed and the degree of soil present. After dishes and utensils are clean, they should be thoroughly rinsed with warm tap water. Follow sanitizing procedures set up by your facility.
