

Description

All-Safe is an aluminum-safe, alkaline detergent designed to clean organic soils while providing corrosion protection for many metals including stainless steel and aluminum. All-Safe is to be used in washer-disinfectors and cart washers, where water conditions are more likely to cause damage to the machines and the instrumentation being cleaned.

Features

- New more visible formulation
- Protects aluminum, stainless steel, and other metals from corrosion and pitting
- Highly effective cleaner on organic soil, particularly protein
- Excellent in difficult less than optimal water conditions

Directions for Use

Washer-Disinfectors and Cart Washer Applications: All-Safe is to be dosed between 0.25-1.0 oz./gal. of water (2.0-8.0 mL/L), according to water quality and typical soil load. Consult the machine manufacturer's directions for use of the specific machine being used.

Safety

Be sure to don appropriate Personal Protection Equipment. This product is intended for industrial and institutional use only. Not intended for consumer use.

Consult the Safety Data Sheet (SDS) for more detailed information pertaining to safety, handling, storage, and waste disposal methods.

Do not add bleach or any other chemical to All-Safe. Combining chemicals outside of the directions for use could result in loss of efficacy or adverse chemical reactions.

The product is freeze/thaw stable. If frozen, thaw to room temperature and shake or stir.

Once the container is empty, rinse and dispose of properly. Do not reuse this container. Any detergent waste should be disposed of according to Federal, State, and/or local regulations.

All-Safe

Metal-Safe Alkaline Detergent for Sterile Processing

Properties

Color: Orange liquid

Odor: Mild

Product pH: 12.5-13.5

Store below 120°F (49°C)

Use up to 35 months from date of manufacture

Package Sizes Available

4x1 Gallon	FICCB-CP-04X1-8701
2.5 Gallon	FICCB-CP-2.5G-8701
5 Gallon	FICCB-CP-005T-8701
15 Gallon	FICCB-CP-0015-8701
