

Description

Rinse Free is a concentrated rinse aid that reduces water spotting and reduces drying time for all instruments, containers, cases, and carts. Rinse Free is to be used in the thermal rinse phase of washer-disinfectors and cart washers.

Features

- Concentrated for economy
- Accelerates drying time
- Reduces water spotting
- Excellent in varying water conditions

Directions for Use

Dose Rinse Free between 0.01-0.25 oz./gal. of water (0.08-2.0 mL/L). Dilute using deionized or reverse osmosis water is recommended. Local tap water may negatively affect efficacy at low doses. Consult the machine manufacturer's directions for use of the specific automatic machine being used.

Safety

Be sure to don appropriate Personal Protection Equipment. This product is intended for industrial and institutional use only. Not intended for consumer use.

Consult the Safety Data Sheet (SDS) for more detailed information pertaining to safety, handling, storage, and waste disposal methods.

Do not add bleach or any other chemical to Rinse Free. Combining chemicals outside of the directions for use could result in loss of efficacy or adverse chemical reactions.

DO NOT FREEZE. This product is NOT freeze/thaw stable. If product is or has been frozen, DO NOT USE. Discard in appropriate containers.

Once the container is empty, rinse and dispose of properly. Do not reuse this container. Any detergent waste should be disposed of according to Federal, State, and/or local regulations.

Rinse Free

Concentrated Rinse Additive

Properties

Color: Dark blue liquid

Odor: Characteristic odor

Product pH: <4.0

Store below 120°F (49°C)

DO NOT FREEZE.

Use up to 35 months from date of manufacture
