SOLUBILITY IN WATER: Complete
FOAMING: Low, Fast Breaking

Description

This low foam glass wash detergent is a combination of specialized surfactants, wetting and dispersing agents, penetrants and anti-spotting agents. It is formulated to provide superior cleaning, water sheeting and drying under the widest range of water temperatures, hardness, and soil conditions. Compatible with hypochlorite, quaternary and iodine sanitizers.

Features...Benefits

Concentrated	Economical
Low Foam	Free Rinsing
Speeds Drying	Labor Saving
Prevents Spotting	Labor Saving
Wide Range Effectiveness	Ease of Use

Directions

For use in 3 sink glass, dish and utensil washing operations use 1/2 to 2 ounces of detergent per gallon of warm water in the wash sink. Dip, soak or brush glasses, cups or dishes, then rinse thoroughly in clear potable water in the second stage. Sanitize in the third stage by submerging item in the sanitizing solution as directed. Shake off excess sanitizer and put in drain rack to allow runoff and air drying.
