Contains Wicking agents.....Fast Drying
Non Streak Formula.....Labor Saving
Fast ActingLabor Saving

Directions

GLASS & MIRRORS: Spray a light mist onto surface. Wipe with a clean cloth or lint free towel and polish with a dry cloth. Do not use cloths when they become excessively dirty.

PLEXIGLAS: Care should be taken when particles of soil are on plexiglas, since these particles may scratch the soft plexiglas finish. Use only a clean, soft cloth when cleaning plexiglas. Spray on and clean with first cloth, polish and dry with second cloth.
